KING OF LOW PRICES

### Greatest SHOE SALE OF THE SEASON!

It would make any self-respecting animal shed tears to see the prices we sell the product of it's hide for.

Notwithstanding the boom in prices planned for by the Manufacturers here are figures much lower than the wholesale people can quote.

Money talks, and the people who buy of us make every penny count.

### LEVEL GREEN

While the others attending Church and Sunday school I am penned up in the house with Betsy and Grace. Newspapers and the Bible are lovable companions; from the one I learn something of the race and worry of men for the "almighty dollar." They labor, swindle, cheat and defraud their brothers at every turn and corner just as though the getting of money was the only object of life; get money and get it as quick as possible and just any way you can. Paul never spoke a more solid fact than when he said, "The love of money is the root of all evil." Neither did Solomon ever speak a wiser or more truthful proverb than Robert Burns did when he said, "Man's inhumanity to man make countless thousands mourn." The healthful neglect the sick, the rich neglect the poor, charity is more of a name than a reality, the living soon forget the dead and try to forget that they must soon die or even die at all, but the other—the Bible, blessed book,—shows man what a poor, miserable worm of the dust he is, unfolds his two great duties—one to God, the other to man, shows him his weakness and dependencies, and causes him, when meditated upon, as David said, day and night, to see himself as he is and ask the Father for help. I am sorry to say that religion and worship in lots of our large churches are only formalities.

Our old pupil and neighbor boy, Jack Towery, is still having a hard struggle with that monster, consumption. Our good friend J. M. Hurst, through a firm reliance upon the "Great Physician," and His power to save, is slowly pulling up hill, and we fully believe that he is good for many years yet with friends and family.—Mrs. Cynthia (Brown) Vanhook is slowly recovering from a severe spell.—Mrs. Fanny Broyles, of Plato, spent Sunday with us, and if she only knew how her presence and cheering talk revived me, she would surely soon come again.—R. L. Brown of Somerset, was up to see his father Sunday. He thinks lots of the Queen City and that she has a big future in store.—Too much rain for our farmers to push work. Many of them are not done planting. Grass, wheat and oats are doing well.—Norton & Hamlin bought a fine, large pair of mules last week from George Livesay for \$275.00.—There are more good mule colts in this part of Rockcastle than our oldest citizens remember of seeing in many years past.—J. C. Hayes, of Pongo, gave Level Green folks a visit on business Monday.

### STRICTLY GENUINE.

Most of the patent medicine testimonials are probably genuine. The following notice recently appeared in the Atchison (Kan.) Globe: "Joe Tack, a well known engineer, running on the Missouri Pacific between Wichita and Kiowa, lately appeared in a big one, with a picture, ank when he was in his office today, we asked him about it. He says he had terrific pains in his stomach, and thought he had cancer. His druggist recommended Kodol and he says it cured him. He recommended it to others, who were also cured. Kodol Dyspepsia Cure digests what you eat and cures all stomach troubles. Just as surely as the sun shines your stomach can be brought back to its originally pure condition and life sweetened by this lasting and truly the greatest digestant known. Sold by Mt. Vernon Drug Company.

As the result of an agreement counsel for the defense and prosecution, Judge Parker at Lexington, admitted Elbert Hargis and Ed. Callahan, of Breathitt county, to bail in the sum of \$10,000 each and continued their cases till the fall term of the Fayette Circuit Court.

Our Representative, Hon. W. A. B. Davis, is making an effort to have the Commissioners of the new Capitol building at Frankfort, specify the use of the stone from the Rockcastle quarries, in the construction of the building. The matter, so far, has been favorably looked upon by the Committee, and we are sure that if the Rockcastle stone, such as that sawed by the Rockcastle Stone Co., is given the proper consideration, that it will be used in part at least. This stone is being shipped to many of the large cities North and East and being used in some of the largest and most expensive buildings which are to day being erected.

Willis Adams last Tuesday sold to J. C. Barre, G. M. Barre, J. L. Henderson, Oscar Willson and E. C. Henderson a two-acre lot between Krueger's lime kiln and Lechleiter's property. These are the same parties who were in this county a few months ago, boring for oil for Standard Oil Co. We understand their object is to build a large lime kiln. They will probably also put down a well for gas, but this is not known for certain. Mr. E. C. Henderson, who came here and made the deal, said that he considered the Rockcastle stone to be the best for lime that he had seen anywhere in the State. It is very likely that the work of putting up the kiln will be started at once. Price paid \$300.

There will be a contest of vocal music, held at Union church, five miles southwest of Brodhead, on Sunday June 4th, from 10 a.m. to 4 p.m. There are already four classes entered contest, to wit: Freedom, Union, Mt. ## KIDNEY DISEASES CAUSE ONE-THIRD OF THE TOTAL DEATHS.

When the Kidneys fail to perform their functions properly by not straining out the poisonous waste matter from the blood as it passes through them, the poisons are carried by the circulation to every part of the body, deranging the different organs. This causes heart trouble, stomach trouble, sluggish liver and a host of other ills, all due to deranged Kidneys.

### CURED OF BRIGHT'S DISEASE.

Mr. Robert C. Burke, Elmore, Saratoga Co., N. Y., writes:—I am glad to have an opportunity of telling what magnificent results I have had from using FOLEY'S KIDNEY CURE after having tried other advertised medicines and several physicians. Before I began it I had to get up from 15 to 20 times each night to relieve my bladder. I was all bloated up with dropsy and my eyesight was so impaired that I could scarcely see one of my family across the room. In fact, I was so badly used up that I had given up hope of living when I was urged by a friend to try FOLEY'S KIDNEY CURE. One 50-cent bottle worked wonders, and before I had taken the third bottle the superfluous flesh had gone, as well as all other symptoms of kidney trouble. My friends were surprised that I was cured, as they all thought I was going to die. Every few days some one comes from miles away to learn the name of the wonderful medicine that cured me of Bright's Disease, and not one that has tried it has failed to be benefited.

resulted from disordered Kidneys disappear, because the cause has been removed. Commence taking FOLEY'S KIDNEY CURE at the first sign of danger. Do not risk having Bright's Disease or Diabetes.

How to aid build up American trade in Germany is the subject of an interesting and valuable communication to our State department by Consul-General Guastier, of Frankfurt, Germany. It is stated as a general truth that any article of manufacture that finds a ready sale in the United States will sell in Germany, provided it is placed before the public in the proper way and at a reasonable price. American goods are usually loaded upon with favor by the general public there, although rival German manufacturers often try to disparage them.

### SAVED BY DYNAMITE.

Sometimes, a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs and colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and La-Grippe. At Mt. Vernon Drug Co.'s drugstore, price 50c and \$1; guaranteed. Trial bottle free.

### "The Man In Gray"

BEAUTIFUL, THREE-COLOR PRINT.

As its offering of respect to the Confederate Veteran's Union, the Henderson Route is distributing a beautiful three-color print, entitled "The Man In Gray," which is receiving widespread admiration throughout the entire South.

The picture, which is printed from an extra fine etching, reproduced from an original drawing by Mr. Robert M. Hooe, the celebrated artist of the Louisville Courier-Journal, is 16x22 inches, and is painted on fine enameled paper, sufficiently heavy for use unframed, but equally suitable for framing.

It is executed in the three cardinal colors of the Confederacy—gray, blue and red—on a white background, and has been rightly termed by critics "a gem."

They are enclosed in strawboard mailing tubes for safe transmission by mail, thus avoiding any possibility of breakage and insuring safe delivery.

Send five (red) stamps to L. J. IRWIN, Logansville, Ky., for this beautiful reproduction, and after you receive it, whether you are from the North or out of the South, you will be an enthusiastic admirer of the "Hero of the Gray."

### A CREEPING DEATH.

Plooi poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at Mt. Vernon Drug Co.'s drug store.

Lewis Ball, who died at Teigu-month, Eng., in his 85th year, a few days ago, went on the stage at the age of three, and retired only seven years ago.

Experiments at the Maryland Agricultural College having proved that by properly selecting seed corn from two to four barrels more of corn an acre may be raised by farmers, it was determined to adopt the method grown so popular in the West of demonstrating the value of seed selection by means of lectures delivered at points along the railroad line. The first seed corn gospel train in the State was run last month by the Maryland & Pennsylvania Railroad through Baltimore and Hartford counties, stopping for half an hour or three-quarters of an hour at a number of stations in the two counties, which are among the best agriculturally in the State. At the stops lectures were delivered by professors of the National Department of Agricultural and the Maryland Experiment Station. Large crowds of farmers attended the lectures, and the success of the special was such that the plan is likely to be extended to other parts of the State. The experiment was so successful that another train was subsequently run up the Western Maryland Railroad, and there is talk of introducing the feature into Southern Maryland. It is a good habit, and ought to spread.

### A GOOD SUGGESTION.

Mr. C. B. Wainwright, of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drunk. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by Chas. C. Davis.

### A GOOD FAMILY LINIMENT.

Every family should be supplied with a bottle of Chamberlain's Pain Balm. For cuts, bruises, burns, scalds and similar injuries, which are of frequent occurrence, there is nothing so good. It soothes the wound and not only gives instant relief from pain, but causes the parts to heal in about one-third the time required by the usual treatment. As it is an antiseptic all danger from blood-poisoning is avoided. Sold by Chas. C. Davis.

Nordy—Well, we are progressing. Indiana has just made it illegal to smoke cigarettes.

Butts—So I notice. Now if Indiana would just make it a penal offense to write historical novels I could see the millennium drawing nigh.

HOW TO WARD OFF OLD AGE.  
The most successful way of warding off the approach of old age is to maintain a vigorous digestion. This can be done by eating only food suited to your age and occupation, and when any disorders of the stomach appear take a dose of Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach or are troubled with indigestion, you will find these Tablets to be just what you need. For sale by Chas. C. Davis.

### PECULIAR FOODS.

Worms, Jellyfish and Alligators are Relished in the Philippines.

Locusts form an important article of diet in the Philippine Islands. Annually these pests rise in swarms and devastate large areas, denuding trees and devouring every green thing down to the very earth. The poorer classes welcome the advent of these pests, and as they not only secure a bounty for their destruction, but as well gather what is to them a succulent dainty. They catch the locust in nets, and parch them over a slow fire or mix them in a sweetened batter and make a kind of seed cake, which they eat with great zest.

The young Americans are catering to a peculiar taste for unhatched chicken that the Chinese residents in the Philippines are wont to indulge in. They own two incubators and instead of raising chickens they sell the eggs just before the chickens are ready to break from the shell, realizing a good profit in the difference between the price of the fresh eggs and the price paid for the "deacon" chicks.

Roast monkey is a regular article of diet in the Islands. Many travelers have spoken of its peculiarly pathetic appearance when served on the hospitable table of some Philippine citizen. Lying prone on the platter, its tiny hands crossed on its breast, it is sure to remind one of the feasts of other less civilized islanders. The Philipinos believe that the blood of a monkey is a sure cure for consumption, and it is not an uncommon sight to see a Philippine father draining the blood of a freshly killed simian to feed his tuberculous offspring.

In the province of Isabella, in Northern Luzon, roast alligator is considered a great luxury. This dish was set before the civil commission at one time, the entire party partaking unwillingly of this native delicacy.

Small cuttlefish, or squids, are dried and used as a basis for stews and ragouts in the seacoast towns in the Philippines. The ink bags are not removed from these tiny cephalopoda, and the stew resembles India ink in color, and in taste is not unlike clam Chowder.

A small "agusano," or boring worm, found in water logged timber in the Philippines, is eaten raw after being sprinkled with salt and pepper and covered with vinegar. These worms resemble in taste a raw oyster.

Jellyfish, taken from the sea and eaten raw, form a frequent article of diet among the boatmen employed in the harbors in the Philippines.

### WHY SUFFER FROM RHEUMATISM?

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tenn., U. S. A., writes: "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by Chas. C. Davis.

Well, I should so, I was practically a pauper. All I had to start with was a million dollars."
